Conditions.

(*a*) That the contractor shall be ever ready during the period of contract to employ as many number of coolies who know how to work at sandal, so as to turn out the allotted quantity every week, fortnight or month as may be assigned.

(*b*) That in case the contractor fails to employ the number of coolies required so as to turn out the allotted quantity of prepared wood at any time, the officer-in-charge of the Koti shall make his own arrangements for the preparation of the wood by employing coolies, making the contractor liable to pay up the cost, even though it may happen to be extra. The contract will also be liable for cancellation at the discretion of the District Forest Officer on account of default.

(*c*) The Koti preparation work will be commenced at 8 A.M. and continued till 6 P.M. everyday with an interval of an hour or two from 12 NOON.

(*d*) The available tools in the Koti shall be spared for work and in case the number of coolies is more than that of tools available, the contractor should himself provide the extra tools required. The tools spared from the Government should be returned intact, as otherwise, the cost thereof will be deducted from out of the contractor's dues or from his security deposit amount.

(*e*) That the contractor should be present at the Sandal Koti at all times the preparation is going on and he shall be solely responsible for all acts and omissions by his coolies.

N.B.—As a rule, higher rates are payable for the superior classes of prepared wood and less for Milva-chilta. Hence, two different rates should be quoted in the tender, one for the outturn of superior classes and the other for Milva-chilta, since the object aimed at is that greater care should be taken by the contractor to see that the Koti preparation work is conducted on principles of economy so as not to waste heartwood by conversion into chips. No charges are payable on the Milva-chilta if the outturn of the same is 15 per cent in proportion to the total production of good wood.
